

bicycle cellar

TEMPE ARIZONA'S CYCLING COMMUTER SUPPORT STATION

The first of its kind in Arizona, The Bicycle Cellar is a membership based, "Bicycle Commuter Support Facility". What that means is that we offer secure bike parking, private showers, lockers, service, retail and other amenities..

We have a membership to suit every commuter's need! We offer annual memberships, a monthly membership and a "10 Pack". All of these include the use of the showers. Lockers can be rented according to the membership package purchased and are limited to availability.

The Bicycle Cellar offers a full range of bicycle services from flat repairs to a full bike tune up, as well as bike related retail. **No membership required to access bike service, rental and retail** (although members receive 10% off of labor on all bike service), just stop on by or give us a call to arrange a time that fits your schedule!
